

Tek4Kids Mission & Vision

Our mission to combine the tools of technology and education in partnership with existing schools in Haiti. By doing so, we seek to create a structure of opportunity that will interrupt the cycle of poverty and clear the path for future economic and civic leaders. We envision an enhanced education process that develops business, civic and education leaders that can guide Haiti to a more prosperous future.

Getting Involved with Tek4Kids

As our organization continues to grow, we need volunteer skills in such areas as education, project management, research, and business development. If you are interested in learning about volunteer opportunities with Tek4Kids, please feel free to contact Gary Boice at garyb@tek4kids.org or (502. 693.3703).

If you are unable to volunteer, you can also help by providing financial support. Why not join us?!!! We are making a difference and our students will help propel Haiti towards a more prosperous future.

Tek4Kids is a 501c 3 non profit organization.

EIN: 45-3956104

Your contribution is tax deductible to the full extent of the law. Please check with your tax advisor. 100% of all donations are directly applied to our projects in Haiti.
